Liz M. addresses key questions re: system of care generated via Governance Committee discussion:

- How do we practically apply this theory? What are some concrete guideposts along the way will help ensure we are doing it “right”?
- What of the system do we need to deconstruct? What structures do we need to shift/recreate as we move towards implementation?
- How do we not complicate access for families while we change the system?
- How do we make this sustainable?
- How do we build our capacity to eliminate disparities? (What does that look like in terms of implementation re: who is at the table & priority/action setting?)

5. 2:10 **Workshop** 50

Liz leads Governance Committee through workshop exercise to help us think through how CMHC prioritizes actions and the Governance Committee’s time together to mobilize action.
