

# WE NEED TO HEAR FROM YOU: PARENT INTERVIEWS ABOUT CHILDREN'S MENTAL HEALTH SERVICES

Hennepin County Children's Mental Health Collaborative (HCCMHC) is conducting parent interviews with parents, and caregivers, who have children receiving mental health services. We are seeking feedback from families to help us improve the children's mental health system.

## PARENTS & CAREGIVERS - TELL US YOUR STORY!

We want to know what your child's mental health experience has been like as a part of the children's mental health system.

## Who Can Participate?

Any parent or caregiver who (A) lives in Hennepin County or is receiving children's mental health services in Hennepin County, & (B) has a child (age 0-21) who was first identified with a mental health issue within the last 5 years.

## About the Interview

Interviews will take about 45 minutes. Upon completion you will receive a \$25 gift card for Target or Walmart. Interpreters are available for parents or caregivers, when English is not your first language.

## WHO WE ARE

Hennepin County Children's Mental Health Collaborative (CMHC) provides a forum for a diverse and representative group of system stakeholders to influence the development and ongoing operation of an accessible and effective children's mental health service system within Hennepin County. The CMHC promotes innovative service development and continuous quality improvement in the children's mental health system by embracing the system of care principles and available research on children's mental health services; and working with the Family Service Collaboratives throughout Hennepin County.
